World-class art in Southampton, open to all

John Hansard Gallery is a world-leading centre for contemporary art. Since its launch in 1980, hundreds of thousands of visitors have experienced innovative work by artists from across the globe through exhibitions, off-site projects, research, publications, education and outreach programmes.

Bringing artists and communities together, the Gallery makes a vital contribution to the cultural life of the city and region and encourages new work by today's best artists and curators. Our core funding is received from Arts Council England and the University of Southampton, supported by project grants from trusts and charities. However, to build upon the last three decades of success we must develop new streams of support.

Our Endowment Fund

An Endowment Fund has been set up to help us do more for artists, and to safeguard the Gallery's long-term future. Dividends generated by this fund will pay exclusively for artist opportunities each year such as commissioned works, publications and special projects. The fund will also form a financial backbone for our continued development over the coming years.

With your help, we aim to build this fund to £1 million.

Give to the John Hansard Gallery Endowment fund and support new art, for the future.
